2016 Application for Awards

Each January, the Alliance for Chemical Safety honors companies, individuals and organizations that have excelled in reducing risk, communicating risk or promoting chemical safety during the past year. We are asking your help to bring this outstanding performance to our attention.

You may use this form to make a nomination for one, two or all three awards. If you want to nominate an individual, company or organization for one of the awards listed below, please fill out this form and either email, mail or fax it to the Alliance for Chemical Safety office.

If you have any questions, please call Kelly Walsh at (513) 568-7624 or e-mail her at kwalsh@eqm.com. Thank you for your help.

Name and telephone number of person making the nomination(s)

Note: This is necessary to help us gather information to judge the merits of each nomination.

Risk Communication Excellence Award

This award recognizes a company, organization or individual who has shown outstanding leadership in communicating about chemical risks.

Name of Nominee: _____

Please use the back of this form to complete your basis for recognition.

Risk Reduction Achievement Award

This award recognizes a company or organization which has reduced risk to its employees and neighbors by eliminating or substituting chemical(s), changing a process, or implementing other significant risk reduction measures.

Name of Nominee: _____

Please use the back of this form to complete your basis for recognition.

Second Mile Award

This award recognizes an individual who has gone the extra (or second) mile, to support the mission of the Alliance.

Name of Nominee: _____

Please use the back of this form to complete your basis for recognition.

Printed on recycled paper.

Application For Awards (continued)

Basis For Recognition:

Risk Communication Excellence Award

The basis for recognition should include such things as: what was the objective; over what time period did the communication take place; did the communication reach a large audience; did the communication directly involve the public; how effective was the communication; were multiple organizations involved; was the communication in support of the Alliance mission.

Risk Reduction Achievement Award

The basis for recognition should include such things as: distinctions that made the risk reduction creative/innovative/unique; attempt to quantify the risk reduction as a percentage, probability or other measurement descriptor; what were the resources required to complete the task such as money, people, time, technology; within what time period did the project take place and what is its current status.

Second Mile Award

The basis for recognition should include such things as: how much of the task(s) was part of the person's normal job duties; how much did the effort support the ACS mission; what was the impact of the effort.
